December 2008

'Tis the Season to Shop Green!
Last minute gift ideas, hostess gifts,
and special savings for a joyous eco-holiday

"So, how ya doin'?"

We've been hearing a lot of that lately. Every day customers are asking us if we're going to survive the recession. It's nice to know people are concerned, but don't be! Because Green Home Experts offers quality products that are healthy for our families and our planet, and because we offer competitive prices, we continue to see our little business grow steadily. In fact, several folks have recently commented that our prices are lower than many of the major retailers! If you visit our store regularly, you notice that we continue to build up our inventory. Despite the economic downturn, we are still adding new products.

If you're thinking about greening up your home but you're on a limited budget, I encourage you to think about energy efficiency. Denim insulation, storm window kits, LED and CFL light bulbs, and outlet gaskets are some of the affordable efficiency products we offer that will help you save money in the long run.

Be sure to mention the coupon at the bottom of this newsletter for a little extra savings too. It's our way of saying thanks for your business this past year. We look forward to continuing to serve you in 2009.

Until next year!

Maria Onesto Moran
President, Green Home Experts

Holiday Gift Ideas
